SKILLS

Programming Languages: C, Python, Java
Web Development: HTML, CSS, JavaScript
Databases: SQL
Platforms: ServiceNow
Languages Known: English, Telugu

INTERNSHIP

- **Testing Engineer Intern**   Sep 2024 – May 2025
  Oppo R&D Hyderabad
  Performed functional and performance testing on newly launched mobile devices and OS upgrades. Identified and reported bugs, ensuring software stability and optimal user experience. Collaborated with the development team to improve product quality.

- **Front-End Web Technologies Intern**   May 2023 – June 2023
  HQL EduTech
  Gained hands-on experience in HTML, CSS, and JavaScript to build responsive and interactive web pages. Developed and optimized front-end components while enhancing UI/UX design skills.

PROJECTS

- **Language Translator using Machine learning**
  Implemented a language translator using the Google Translator library, enabling accurate and efficient text translations across multiple languages. Focused on seamless integration and user-friendly functionality to support multilingual applications.
- **Online Food Delivery Website**
  Designed and developed an online food delivery website to streamline the ordering process for users. The platform includes features like user authentication, restaurant listings, menu browsing, and cart functionality. Integrated local storage for user data and implemented responsive design for a seamless experience across devices. Focused on enhancing usability, performance, and user satisfaction.

CERTIFICATIONS

- **Certified System Administrator (CSA)**
  Issued by ServiceNow

- **Certified Application Developer (CAD)**
  Issued by ServiceNow

- **Basics of Python**
  Issued By Infosys Springboard

- **Internet Of Things**
  Issued by NPTEL

- **Java Programming**
  Issued by Oracle

ACHIEVEMENTS

- Participated in the Code Mania conducted by Aditya University, Surampalem.
- Participated in a 3-days IoT Bootcamp conducted by ABTechVille, during which we worked on an ultrasonic radar.
